Eric,

Let's shoot for Friday and we can work around the PPE issues one way or another. Most of it is out side of the cleanup area. Let me know if we can work it out.

Thanks TJK

As I said in my email I can normally find a way to get you fit in with a few days notice. I now have the information from the exhibits you sent over and can create those calc points for layout. Do you want to try for this Friday? Also need to review any safety requirements as I don't have anyone including myself that has any more than standard training and PPE.
